ABOUT ME

I am an Information Technology student currently pursuing a Diploma in IT at the Polytechnic University of the Philippines. I am passionate about learning and excited to gain real-world experience through On-the-Job Training.

I value teamwork, take responsibility seriously, and adapt easily to new tasks and environments. I am always open to learning new skills that help me grow personally and professionally.

EXPERIENCE

Tech Support, QA & Procurement At Cepat Kredit (Financing Company)   **OJT - 2nd Year College**

- Provided technical support to users, conducted quality assurance testing, and assisted with procurement processes. Gained hands-on experience in customer service, troubleshooting, and business operations.

On-the-Job Training   **OJT - Senior High School**
Sto. Niño Barangay Hall, Marikina City

- Completed on-the-job training at the local government unit. Assisted with administrative tasks and gained exposure to public service operations.

PROJECTS

ADDITIONAL INFORMATION

Capstone Project – Mobile Application Academic Project · Ongoing

Currently developing a centralized digital platform modeled after the efficiency of Grab and Angkas to bridge the gap between clients and skilled workers by replacing unreliable word-of-mouth methods with features like real-time availability tracking and transparent pricing.
